MERRILL MASON, CHAS. H. ROBINSON, ERNEST F. FLINT, WILLIS S. GARFIELD,	Selectmen of Marlborough Town Treasurer	

This is to certify that we have examined the books, accounts and vouchers of the Town Treasurer and Selectmen. We find that they agree as to cash on hand February 15, 1917. Also as to cash paid out and cash received for the year commencing Feb. 15, 1917 and Ending January 31, 1918, and cash on hand as of February 1, 1918. We would recommend that the incoming board of selectmen adopt (in part anyway) the system of accounting recommended by the State Tax Commission.

F. D. Hemenway, { Auditors.
C. B. Collins,

OVER TAXATION

Owing to a clerical error of the County treasurer the taxes in the several towns in Cheshire Co. have been assessed on the wrong valuation or apportionment by the state.

Eight of the towns and the City of Keene have paid more than their portion of taxes to the amount of \$19,076.53 while fourteen towns have paid less than they should to an equal amount. This error of assessment covered a period of six years.

Your board of Selectmen have in conjunction with the City of Keene and the other seven towns began proceedings whereby it is hoped to regain the sum Marlboro' has overpaid which is \$4,339.06 if this amount is obtained it will go a long way towards paying our net debt or building our portion of the Trunk Line Road.

—The Selectmen

GIFTS TO THE TOWN

We wish to call the attention of the Citizens of Marlboro' to the gifts received by the town and trust they will express their appreciation for same to the doners.

A fine granite cap stone for the tomb by Mrs. Kate K. Davis.

Labor and material for the highway by Mr. S. D. Bush.

A flag pole for the Town Hall Building by Mr. Forrest L. Hart.

Labor on the above mentioned pole by Mr. Michael Martin.

Also a beautiful flag for the same by the G. A. R. Circle.

And material for building the Bridge Street ditch by F. C. Bemis.

TOWN WATER SYSTEM

Agreeable to a vote of the town in relation to obtaining a charter from the New Hampshire Legislature, a committee of three were appointed by the Selectmen, said committee being Robert L. Whitney, B. G. Hall and Merrill Mason.

A meeting was called Dec. 17, 1917, at which time the charter was made over to the town of Marlboro' according to advice of Lawyer Hersey of Keene at a cost of \$58.75, (fifty-eight dollars and seventy-five cents.)

The citizens now holding the Charter for the town of Marlboro' are as follows: Merrill Mason, B. G. Hall, Robert L. Whitney, Mark A. Whitney, Ray H. Page, who according to By-Laws adopted will serve as directors of the Marlborough Public Water Works Company. Robert L. Whitney was chosen President and W. S. Garfield, Clerk and Treasurer holding the balance of the \$100.00 appropriated by the town, being \$41.25.

In making this report it seems fitting at this time to call the attention of the voters to the difficulty of obtaining water for extinguishing fires and ask them to give due thought to the advisability of installing a public water system in the near future.

MERRILL MASON, for the Company.

REPORT OF THE TRUSTEES OF TRUST FUNDS

 F. D. HEMENWAY, } Trustees.
 H. H. CROTEAU,

This is to certify that I have examined the Books, Vouchers and investments of the Trustees of Town Trust Funds and that I find their accounts correctly cast and all payments made and properly vouched for. The Trustees have on hand \$190.48 of Cemetery Fund Income unexpended. I have examined all of the investments of the various funds and find that they agree with the above report.

C. B. COLLINS, Auditor.

STREET LIGHTING COMMITTEE

—o—

Your Street Lighting Committee would make the following report :

We have now 70 lights on the streets which have been very satisfactorily furnished by The Keene Gas & Electric Co., for twenty dollars per light, all night service, the Company have spared nothing that the town might have good service.

Respectfully submitted,

W. McROY,
E. W. ATWOOD,
C. E. WARD, } Street Lighting
 } Committee

Marlboro', N. H., Feb. 1, 1918

REPORT OF FIREWARDS

—o—

The Firewards of Marlboro', beg leave to make the following report for the year ending February 1, 1918.

We have been less fortunate this year than last. We have had two fires during the year just passed one in Lowellville so called, a tenement house owned by Grant Hall, which destroyed the barn. The Firemen responding quickly and with the aid of an Auto soon had the tub on the spot and the fire under control when the Steamer arrived.

The next fire was at the picker house, of Richardson & Pease, which destroyed a small store room.

The fire apparatus never was in better condition than at the present time. Since the year's ending and before this goes to the printer we have had the most serious fire for many years. The New Mill so called, belonging to the Valley Woolen Mills was destroy by fire, had this happened ten days earlier the whole plant would have gone, there being no water supply, as it was a good stop was made, and let us say right here that credit is due the citizens as well as firemen, for they took hold of the old tub in spelling the firemen and for two solid hours sent a steady stream as though steam was pushing it. There were five streams playing on the building, two from the Mill and two from the Steamer and

one from the old Torrent, here extra good work was done.

There has been quite a length of time this winter when the buildings up and down Main Street were at the mercy of the flames, had fire broken out, the ponds and river being frozen to the bottom. We would recommend that the town be on the alert and provide some means whereby they can have water at all times for fire purposes.

We also recommend that the town raise fifty dollars for repairs and incidental expenses.

Resbectfully submitted,

C. E. WARD,
E. W. ATWOOD,
W. McROY, } Firewards
 } of
 } Marlboro.

BENJ. G. HALL,

Treasurer.

BOARD OF HEALTH

—o—

Your Health Officer submits the following report:

There has been but a few isolated cases of contagious diseases to report to the State Board of Health, which were properly quarantined and looked after.

The sanitary conditions of the town while far from being ideal, will compare favorably with many of the towns of its size throughout the State where there is no public sewerage system established.

All complaints of unsanitary conditions have been properly looked after and corrected as far as possible

Respectfully submitted,

D. W. TENNEY,

Health Officer

W. H. ALDRICH, Assistant.

S. H. MC COLLESTER,
Auditor.

August 20, 1917.

LIBRARIAN'S REPORT

To the President and Trustees of Frost Free Library:

The Librarian presents the following report:

The library has been opened 99 times during the past year. 6024 books have been loaned within that time, and an average of 60 magazines a week.

Seventy-five new books have been added since January of this year. Forty-five of which are adult and juvenile fiction the rest mostly useful art and travel, six of these were the gift of the President, L. C. Frost, four the gift of the following Authors, G. C. Wing, A. W. and K. G. Bitting, E. Z. Reventlow and H. Maxin and six others were the gift of Mrs. Hale.

There is quite a demand for new books especially by the younger children.

Desk receipts.

Cash on hand April 1, 1917,	\$2.13
Received for cards and fines,	<u>5.15</u>
Total,	\$7.28
Paid for desk supplies,	25
Cash on hand Sept. 5, 1917,	<u>7.03</u>
Total,	\$7.28

Respectfully submitted,

MABELLE F. DERBY,
Librarian.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

We respectfully submit this our third annual report to the School Board and citizens of the town of Marlboro'.

In the following statistical table items of interest are taken from the school report to the state department for the year closing August 1st. The names of new teachers are inserted except in rural schools, where teachers of this year are given.

STATISTICS

SCHOOL	TEACHER	Enrollment	Average Attendance	Per cent of Attendance
High	Raymond S. Whetherbee	13	11	96
Junior 8th High yr. 7th yr.	Ruth M. Brown	36	31	94
Intermediate	Alice Coughlin..... (Julia Applin).....	35	25	81
2nd Primary	Flora E. Applin.....	44	38	93
1st Primary	Alice E. Adams.....	41	34	90
No. 1.	Mabel Holt..... (Marietta Derby).....	38	32	89
No. 3.	Mrs. Esther Fairbanks...	22	18	85
No. 4.	Frances L. Cushing.....	36	28	90
	Inez Mason.....	19	17	92

We have endeavored to maintain the schools in cooperation with the school board with efficient teachers. In general we have followed the new state program of studies, which differs slightly from the old in the first six grades, but quite radically in the work of the seventh and eighth years. We have been watching carefully during the year the junior high school work and have been convinced that with it we can meet the needs of the child better in that the work is richer in experience subjects. The results are such as seem to warrant the development to the point of securing approval in this department. To do this would need more work in manual training and domestic arts. The equipment for domestic arts will meet the requirements, but the equipment and facilities for manual training do not meet the demands of the department. We would need a larger teaching force to do the work properly. With the addition of one teacher, the work can be done and an additional year added to the high school curriculum. It might be possible to add latin to the curriculum and meet the needs of many of the pupils who now go to Keene for the classical course. I present this for your consideration believing that the children are worthy of the best that you can afford to give them and that the schools of Marlboro' should be as attractive and efficient as the schools of any other town.

During the year passed we have endeavored to solve the problems as we met them. The teachers have been advised when advice seemed to be needed. Text books have been adjusted to the needs of the pupils and the course of study as far as funds have permitted. A few books have been

added to the working libraries of the several schools to broaden the scope of the work. The work in agriculture has taken a firm hold in the interest of the boys and, through the gardens of the past summer, has shown its value in the work of the Schools. A few of the boys are planning to take the short course at Durham and to make farming a life work. This work now in the high school should be included in the work of the junior high school, and built up to include animal husbandry in the last years of the course.

In the present world crisis we hear much of restricting the work of the school. Those who have charge of educational matters in this country advise us not to make the mistake of our allies in Europe, and in spite of the increased burdens, do all we can to maintain our schools in keeping with the growing demands of the times. We must secure good teachers. This will be difficult, owing to the call for teachers to enter other employment at a larger salary. All other running expenses of the school must increase. With a very dreary outlook before us, we plan for the future. These plans must be indefinite at present because of changing conditions which we can not fortell. We must meet the new conditions as they come and in such a way that we may protect those who are to be the men and women of to-morrow. We shall need your aid and patience as we put new plans into operation and seem to do the unusual to meet unusual demands.

We expect to use the schools to reach the homes and bring to them the calls of the state and nation for aid, if it is needed, and to spread the information which the different departments of the government bring to our attention. Conservation and production will both have a place in the work of the school

wish to teach habits of thrift and to make the best use of what we have. Each pupil, as far as possible, should have a garden next year. It should have in it vegetables which have food value and can be stored for winter use. We hope for the cooperation of the school and home in this matter. We expect the teachers to do more this spring in supervising their out door work and planning in the school room an intelligent plan of campaign for the growing season. We expect a profitable renumeration for the labor expended through the encouragement received at home and in the school. The education value of the efforts put forth at this time is worth while and is worthy of our attention for this reason alone.

Another problem must be solved at the annual school meeting. The change in the ending of the financial school year has lengthened the period for which money is to be provided. The funds raised at the next school meeting is to be used for the school year beginning Sept. 1st 1918 and ending Aug. 31, 1919. If the balance is not large enough to finish the present school year, there should be according to the new law, an appropriation to cover the remainder of this year. It looks as though the might be raised on the notes of the town of school district and thus lighten the burden for the tax of each year. The report here given by the school board shows the financial condition of the district to Feb. 1, that you may provide for the future intelligently. The books must be kept open until Sept. 1st 1918, however and the report then made to the state will be that printed in the next town report. This report will contain two appropriations and the expenditures from Feb. 15, 1917, to

Sept. 1, 1918. There will be another school meeting in the spring of 1919, when another appropriation may be made before Sept. 1, but it will still continue the deficiency unless some way is provided for funds to cover the period from the first of February to the first of September, providing there is not a balance large enough for this need.

The school board has made sanitary conditions at the central building conform to the regulations of the state board of health. It has improved conditions materially and with the medical inspection installed should enable us to protect the health of the pupils.

We wish to thank the citizens of Marlboro' for their cooperation in the work of the year. The teachers have done much to make the work efficient and deserve your support and encouragement. Both the teachers and the school board have desired and worked for better things. We hope that we have been able to aid them, and that the schools of Marlboro' may meet the needs of the times and develop each year to meet new conditions and solve new problems.

E. J. BEST,
Superintendent.

REPORT OF THE CENTRAL SCHOOL

The work at the Central School has been progressing very favorably and in spite of the unsettled conditions due to war times, the enrollment at the High School shows an increase of eleven pupils over that at the same date last year. Several slight changes have been made in the courses.

In the High School the course in agriculture has been made to include a class in farm carpentry; besides carrying on the regular class in agriculture. The agriculture this year has been a detailed study of field crops; by means of field trips, laboratory exercises, lectures and recitations based on the study of bulletins bearing upon the subject.

The course in domestic Arts has been planned with the aim of giving the pupils a clear understanding of the more essential household appliances. Such subjects as water systems, heating, ventilation, sewerage disposal, etc., have been thoroughly studied and an intimate knowledge of them has been gained by means of study, lectures and observation trips.

Elementary Science has been introduced into the 7th grade where it seems to have met with marked response from the children. The object of this course, as a certain authority says, "is to lead the pupil upon a height from which he can look around and see the world as it lies before him."

Every one is working to further the best interests of the child and there is co-operation between teachers and pupils which makes for harmony and good will

R. S. WETHERBEE,

Head Master.

REPORT OF THE SCHOOL BOARD

To the Citizens of Marlborough:

The School Board have but little to add to the reports of the Superintendent and Head Master.

Some surprise may be caused by the amount of cash carried forward but it must be remembered that the school year closes this next August 31, 1918 and that this report which is but a temporary report covers only the period up to Feb. 1st or only 34 weeks of school. This is in accordance with the Law Chapter 122 Acts and Resolutions of 1917 which further calls for the provisions at the coming meeting of the District of sufficient funds to carry on the school work until Aug. 31, 1919.

The fuel situation has been bothersome and we have not had the amount of fuel that we usually have had at this time. However we have been able to keep the schools going without shut down on account of lack of coal.

In the matter of supplies the extremely high prices have kept stocks low. With the cooperation of all teachers and scholars we have been as economical as possible.

Sanitation has been installed at No. 2 with flush closets and Septic tank in line with the recommendations of the State. This system has so far worked well.

There is need at a later date of the District

owning its own water supply for No. 2 and of installing a new heating plant but at the present it seems best to postpone such action.

In regard to Medical Inspection all the scholars in No. 2 building and from Lowellville have been examined by Dr. A. A. Pratte who has charge of that work in Keene. No. 3 and No. 4 buildings were not visited this year but will be visited this coming spring.

As a matter of record we state that the entire interior of No. 2 building was completely renovated with cleaning and two coats paint and varnish.

It is to be hoped that nothing will occur which will interfere with the work of the Agricultural Course in the High School and the work of the Junior High School in the 7th and 8th grades as has been planned.

We wish to express our appreciation of the efforts of all with whom we have come in contact in striving to make our schools the best possible.

Respectfully Submitted,

CHARLES H. PEASE. } School Board
FRED D. HEMENWAY, } of Marlboro'

SCHOOL WANTS

To the Selectmen and Citizens of Marlborough:

The School Board submits the following for money for Schools for the period from Feb. 1, 1918 to August 31, 1919. (Chapter 122 Acts and resolves of New Hampshire 1917)

F. E. ADAMS, Town Clerk.

WARRANT FOR TOWN MEETING

STATE OF NEW HAMPSHIRE

—o—

To the inhabitants of the Town of Marlborough, in the County of Cheshire in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Marlborough on Tuesday, the Twelfth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To elect a delegate to the Constitutional Convention.
2. To choose all necessary town officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
4. To see if the Town will vote to accept the provisions of Chapter 117, Laws of 1917 on a section of the Monadnock Road, so-called.
5. To see if the Town will raise a sum of money for State Road Maintenance or act in any manner in relation thereto.
6. To see what action the Town will take in relation to the construction of the South Side Boulevard.
7. To see if the Town will vote to accept the report of the Town Public Water Works Committee as printed, raise money for any necessary repairs to be incurred or act in any manner in relation thereto.

8. To see what sum of money the Town will raise for the support of Electric Lights.

9. To see what sum of money the Town will raise for Memorial Day.

10. To see what sum of money the Town will raise for Old Home Day.

11. To see if the Town will vote to grant the use of the Engine Hall to Marlboro Band for rehearsals for the ensuing year or act in any manner in relation thereto.

12. To see if the Town will vote to raise the sum of fifty dollars for the Fire Department for repairs or necessary expenses.

13. To see if the Town will vote to purchase a set of books as recommended by the Tax Commissioner for a uniform system of book-keeping, raise money for same or act in any manner in relation thereto.

14. To see if the Town will vote to authorize the Agents to bond the Town debt if occasion requires the same or act in any manner in relation thereto.

15. To see if the Town will authorize the Selectmen to borrow money on the credit of the Town.

16. To hear the reports of Town Agents, or Committees or other Officers heretofore chosen or appointed and pass any vote in relation thereto.

Given under our hands and seal, this twenty-fifth day of February, in the year of our Lord nineteen hundred and eighteen.

MERRILL MASON,
CHAS. H. ROBINSON,
ERNEST F. FLINT, } Selectmen
} of
} Marlborough
